Alexandria, VA 22313-1450

Dear Sir:

In response to the Notice of Drawing Inconsistency With Specification dated April 15, 2003, Please amend the application as follows:

IN THE DRAWINGS:

Attached for filing with the above-identified patent application are nine [9] sheets of corrected formal drawings. Please cancel FIG. 10 of the original informal drawings which is a photograph of the invention.

IN THE SPECIFICATION:

Please replace the text on page 4, lines 13-17, with the following text:

Figure 8 is a view of a bus for pixel reordering with a video processing block and a bus demultiplexor; and

Figure 9 is a view of a bus for pixel interpolation for increased resolution.
